The following is a statement of the facts concerning the above-identified patent application:

On March 11, 1999, the above-identified Continuation-In-Part (CIP) patent application (Present Application) was filed based on U.S. Application No. 09/005,736 (Parent Application) filed on January 12, 1998, which is a Continuation-In-Part of 08/564,664 filed on November 29, 1995, now U.S. Patent No. 5,708,717. When the Present Application was filed, a Declaration and Power of Attorney was filed only listing Alfred Alasia.

The above-identified patent application is based on improvements of the Parent Application and should have been jointly filed in the name of Alfred V. Alasia, Alfred J. Alasia and Thomas C. Alasia. The Present Application was originally submitted with a Declaration and Power of Attorney document only listing Alfred Alasia by the law firm of McHale and Slavin and was done so in error and without deceptive intention.

It is therefore respectfully requested that Alfred J. Alasia and Thomas C. Alasia be added as inventors in connection with the Present Application.
